ALL-NEW-NEXT-GENERATION STUMP DRILL DIPPERFOX

The Stump Crusher drills through the stumps and their roots, pushing all the remains deep into the ground. Therefore there is no need for additional clean-up of the logging sites – once the work is finished, the sites are fully accessible for maintenance vehicles and provide good conditions for newly planted trees. No need to collect, transport and utilise the remains – saving you even more time and resources.

AWARD WINNING DESIGN

Dipperfox aims to be a frontrunner in developing innovative, easy to use and efficient heavy equipment tools and accessories.

PATENTED TECHNOLOGY

Engineers have spent significant amount of R&D to achieve Dipperfox stump crusher to most efficient and reliable tool in the market.

ENGINEERED, DESIGNED AND MADE IN ESTONIA

Dipperfox stump crusher has been developed by excavator operators in order to target exactly the desired outcome. Production is executed by steel processors who have more than 20 years of expertise. Crusher has gone through 5 years of severe testing and ready to be launched into global markets.

QUALITY MARKS OF APPROVAL

Dipperfox production has acquired quality assurance certificates for steel processing, environment and quality procedures by Bureau Veritas 9001, 14001, AQUAP 2110:2016 NATO and HARDOX wearparts.

**GONE
IN 20 SECONDS**

Our stump crusher removes the stump in just 20 seconds, meanwhile preserving the surrounding for future vegetation

**IT IS DESIGNED TO WORK
IN THE URBAN AND RURAL
AREAS, IN THE FORESTS,
IN ROAD -, RAILWAY -,
POWERLINE CONSTRUCTION
AREAS**

DYNAMIC GEARBOX

Dipperfox has developed state-of-the-art dynamic gear change. In-house design has assured to use Dipperfox customized hydraulic motors and materials in order to achieve the best endurance.

CHANGABLE BLADES AND SCREW

Blades are designed to bolt-on solution and cut out from extremely durable material used in defense industry. The thread of the screw is designed to meet the perfect combination of drilling and cutting.

PLUG AND PLAY

Dipperfox stump crusher connects by an adaptor to any kind of excavator. We can supply with bolt-on ready adaptor.

MAINTENANCE!

Approved by various oil suppliers for long-lasting operational warranty. Oilchange required every 350 h.

FULL GREEN PRODUCTION

Production uses power from solar panels.

**180 STUMPS
IN 1 HOUR**

**DIPPERFOX STUMP
CRASHER IS FASTEST
DRILL ON THE MARKET**

Weight: 530 kg

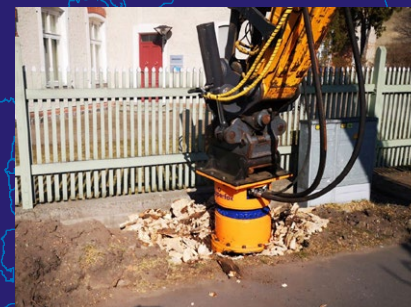

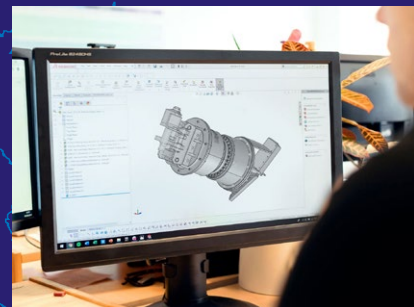

Minimum power: 74 kW (100 bhp)

Pressure: 180-320 bar

Oilflow: 110-220 L/min

Displacement requirement: 12-30 t
